Re: MOTION TO INTERVENE IN THE Application of Liberty Utilities Water Company for increase in its Rates and Charges for utility service

DOCKET NO.: SW-01428A-13-0042

I wish to intervene in the application for increases in the Water Rates and Charges filed by Liberty Utilities Water Company. I am a residential customer of the utility and, therefore, have an interest in the ramifications of an additional increase in the water rates.

This same water company had requested a 122% rate increase several years back. The Commission granted a 76% increase. At the time, I had heard the water company was not worried because they would turn around and file for an additional rate increase later....and voila! Here they are again! True to their word! The rest of the private sector has to make their company work with what revenue they bring in....but not the utilities....ever! I have already let numerous plants die from the last water rate increase. I will let more plants die should another rate increase occur. My water bill is almost as high as my electric bill! I would hope that the majority of the Commission would have enough spine to take into consideration the hardship water rates increasing yet again will cause to those of us who are still trying to recover from the drastic recession that occurred not only in our personal lives but how it affected our 2 businesses that we have to run.

I certify that a copy of this Notice of Intervention has been mailed to Liberty Utilities Water Company, 12725 W. Indian School Rd., Suite #D-101, Avondale, AZ 85392.
